

ADVANCED HOLDING TANK CLEANER WITH SMART TECHNOLOGY

nuGen

Advanced Nanotechnology found exclusively in nuGen works at the molecular level to create a self cleaning and odor free tank.

- Nano-Particles solubilize waste and debris on contact
- Eliminates odors and prevents formation of new odors
- Works in hot and cold temperatures
- Cleans floats and sensors, while lubricating valves
- Super Concentrated - Just 2 oz. treats 40 gallon tank
- Works in black and gray water tanks
- Biodegradable
